

# E-dox™ Electronic Certificates

## Key Benefits

- > Encrypted, secure
- > Transferable
- > Transmitted in seconds
- > eUCP 600 compliant
- > Easy to file
- > Environment friendly
- > Free of charge added-value
- > Easy to authenticate

## A Simple Authentication Process

1. Receive your e-certificate as a pdf attachment

2. Upload it online to validate its authenticity

Cotecna is a leading provider of testing, inspection and certification services. We offer solutions to facilitate trade and make supply chains safer and more efficient for our clients.

## Electronic Certificates - fully compliant with the latest documentary credits rules

Cotecna has developed a state-of-the-art solution for the issuance of electronic documents.

Its renowned system, E-dox™ can transform any document (e.g. inspection certificates) into a secure and original e-document.

## UCP 600 Compliance

The eUCP (version 1.1.) supplements the latest Uniform Customs and Practice for Documentary Credits 600 (latest version 2007) to accommodate the presentation of electronic records.

E-dox™ is fully compliant with these rules, since the e-certificates are:

- > Electronically signed by authorised signatories
- > Considered as original documents since they are transmitted to clients by electronic mean as PDF attachments
- > Secure by advanced encrypted technology: they can be saved, re-named, re-transmitted without altering their validity
- > Easily authenticated online: the slightest modification would be instantaneously detected by the system

The Best Solution  
to Circulate  
E-Documents

- > Avoid fraud
- > Save time & money
- > Reduce your carbon footprint
